Turn your iPhone® or iPod touch® into a remote control!

If you have questions about your machine, DON'T contact your dealer; please call Lobster Sports directly at 800.210.5992

1. Have the new iPhone Remote Assembly installed in your Phenom, Phenom 2, Elite Grand IV, Elite Grand V, or Elite Grand V LE machine.

2. Go to the App Store℠ using your iPhone or iTouch device.

3. Type "lobster remote" into the search bar and click search.

4. Click on the Lobster Remote App icon.

5. Click on the blue, free "Install" button. You will be prompted to install and enter your iTunes password, proceed. The Lobster Remote icon will appear on your iPhone.

6. Turn machine on and activate the installed remote receiver by depressing the "remote" button on the control panel.

7. On your iPhone, go to the "Settings" button and click on Wi-Fi connections. Your iPhone will detect the network called "WiFly-GSX-xx". Select this network.

8. To experience an automatic reconnect after a phone call:
   a) Make sure your device is set up to detect "WiFly-GSX-xx" automatically by setting your 'Auto-Join' button to ON.
   b) Change your IP address button from 'DHCP' to 'Static'.
   c) Manually enter an IP Address of: 169.254.5.5.
   d) Manually enter a subnet mask of: 255.255.0.0.

9. Click the Lobster Remote icon on your iPhone. **Please allow anywhere from 30 to 60 seconds for your machine & phone to acknowledge each other.** Lobster app will indicate when you are ready to go.
